Voucher

Gaming Checking

Balance \$766.75

Income:

Expenses

Surplus:

It was recommended that an accountant look at our books for tax purposes.

Communication Report –Kate Corby – not in attendance

Sports Reports

Baseball– Jeff LaFrance

There have been 3 sign ups to date. There will be another sign up next Thursday at the municipal building. Evaluations will be on February 27th. The draft date has not been selected yet. The league is looking for an umpire coordinator. And the schedule is being developed and where games will be played so we repair the fields and book fields where we can since we do not have enough fields that belong to the FTYA.

Softball – Maura Guth-not in attendance

Basketball – Steve Bloom

Playoffs will start . Pictures will happen 2/21 at the municipal building. There is an issue with the refs being paid at the time of the game. And the use of vouchers.

Steve announced that next year will be his last year as coordinator. We will need to look for a replacement to be trained.

Soccer – Barbara Banes

There are kids that are working toward their eagle scout awards and can help with the maintenance We need: sidewalk for the back, gutters for the roof, sheetrock for the right wall, building needs to be sealed and painted. And then we need cabinets inside for storage. The mayor asked for us to buy indoor balls, but we do not use those types of balls so we shouldn't be responsible.

Trustees – Sean Carter, George Buniak, Jeff LaFrance

Executive Board

A concern was brought up that one of the trustees has not been attendance and not participating in the meetings and voting issues. It was decided that a conversation would happen to inquire about the interest level of this individual.

FTYA

Unfinished Business

New Business

A representative from Oakwood Lanes came to speak to us about possible involvement with the FTYA and the kids. They are looking to start Wednesdays. Teams would be grouped by age. Teams could be picked based on preference not drafts.

We have been having some problems with the schedule in the back room with events not being on the calendar, and games/practices bumping up against each other. Joe Flynn is addressing adjusting the schedule so there is time between events for warm ups.

C Hamler brought up the fact that we do not have adequate baseball fields to the Township Committee. He is asking the Committee to consider building 1-2 fields with a cut road and parking lot on the Smith property, where the future park is to be located. If this can be accomplished, it needs to be started in the spring, so that the fields can be ready for the Spring season, 2011.

C Hamler wants to purchase a portable baseball mound for the minor and major fields. There will be a limit of \$2500.

1st J LaFrance, 2nd M Kilhullen. Passed 8 / 0

J Flynn suggested a fund raiser that we get 5,6,7,8 boys and girls teams to play in a charity tournament.
