Sports Reports

Baseball– Jeff LaFrance

Jeff sent a note out to the school population to ask for interest in volunteering, coaching, helping with coordination. There was little if any response. We need to get 5-6 volunteers to be part of the coordination. We are sending out a note to the community that there will be no baseball season.

Softball – Mike Kilhullen

No news to report. We expect the first meeting will be in January.

Soccer – Barbara Banes

All the FOBs from the coaches have been returned to the Township. The end of season bash was a success. All equipment was turned in and goals dismantled and put away. Before next season, there needs to be communication with the fire department about parking when we have events.

Field Hockey – Joe Flynn

Basketball: - George Buniak

Basketball has started. There may be some refunds due to health issues. Instructional basketball will start in the next 2 weeks. George will supply a list of fees needed for referees and the league. C. Allen will be doing the uniforms again this year. We are short some and will need to order more.

The baskets have been lowered so that schedules have been revised and are more convenient to all.

Steve Bloom has resigned as basketball coordinator and a member of the FTYA Committee. In the interim, G Buniak will take over basketball coordination. We thank Steve for his years of service.

Fundraising Coordinator – Theresa Buniak

Unfinished Business

The answering machine in the Township office needs to be updated with a current voicemail. K Corby will check with the Township to change it.

New Business

We are going to develop a wait list for each sport. Once the last sign up is held, we cannot guarantee that a child can play. Every effort will be made to add the child, but no guarantees.

We held a discussion about developing an online registration and payment system. Mike presented an option called SportsSignup by Data Driven. The costs would require an additional \$5 registration fee. It will accept and monitor registrations, develop lists and rosters, track volunteers. We will also hold physical signups for the first few sports to make sure everyone has a chance to register. Parents will also be able to provide physical checks.

B Klosinski made a motion was made to move forward with the purchase of the electronic registration software.
